HY-8088
Modern Disposable
Filter Water System

*Clean Water Makes You Healthy.
Intelligent Choice Makes Life Qualified.*

AQUA-WIN HY-8088 not only provides you the pure water but makes your life fashion and modern. HY-8088 is innovated with ideas of "User-friendly" and "Convenient Life".

HY-8088 is both efficient and careful design for individuals. It saves your time when you install the system and replace the filters. A few steps, the installation is finished. A few seconds, you can replace the filter easier than typical one.

• Quick-Connect fitting for easy installation

• LED display (FULL / PUMP / POWER)

• It can be raised up to the height of 90° to make cartridge filter replacement much easier.
